WILL HOLD FAIR.

Decision Reached at Meeting of Fulton Fair Association.

At a meeting of the stockholders of the Fulton County Fair Association held last Tuesday afternoon at the Commercial Club rooms, directors were elected for the ensuing year as follows: J. M. Alexander, Walter W. Morris, Lon Bruce, Ed Thompson, L. S. Snow, J. C. Brann and W. P. Murrell. It was unanimously decided upon to hold a fair meet this fall and as soon as the time can be arranged the dates will be announced. Already the officers and directors are planning to make the 1919 fair a brilliant success. The Fulton County Fair Association was organized in 1911 and every fair held has been a success. The fair grounds embrace an area of 44 acres, situated in the northern section of the city.

At the E. A. Hilliard sale of live stock at Clinton, hogs sold on an average of \$86.50 per head. Among the purchasers was Judge Bunk Gardner, who paid \$135 for a sow.

Jas. D. Vin, of Clinton, is a candidate for Commonwealth's Attorney for this district.

75,043 FROM KY.

Were With the Colors During the War. Tenn. Furnished 75,825.

A table showing the number of men furnished to the army by each State during the war was made public at the War Department. New York led with 367,864, and Nevada stood last with 5,105. In the total of 3,757,624 men obtained by draft, voluntary enlistment or through the National Guard. The men actually furnished ran very closely, the table shows, to the obligation of the States making their quotas proportionate to their population. Kentucky furnished 75,043 men, Indiana 106,581 and Tennessee 75,825.

We are printing this week for County Clerk Henry a list of all dog owners in Fulton county together with the list of those who have paid the license fee. It is noticeable that less than half the dogs have been paid on. This tax is the result of a new state law, and failure to comply with it carries a very uncomfortable fine. Take a tip from us and pay your dog tax; it will be cheap compared with what is yet to come to those who neglect this matter.

W. T. Shanklin was up a few days this week from Hales Point.

DIED AT 102.

Matthew Campbell Expires at Home of Relatives at Water Valley.

Matthew Campbell, perhaps the oldest man in Western Kentucky, died at the home of a relative, Dick Hall, at Water Valley, Tuesday night. Mr. Campbell, had he lived until the coming June, would have reached the remarkable age of 102 years. He was reared and grew into manhood and spent all of his life in the section in which he died. Until about three years ago he resided about three miles south of Wingo, but since then has been making his home at Water Valley with his grand-nephew.

Until about a year ago Mr. Campbell's faculties were remarkably good for his age, but since that time he has been blind and in a very feeble condition. He was never married and leaves very few living relatives.

The body was buried Thursday afternoon at Water Valley. Several Fulton county farmers attended the Farmers Institute at Paducah last week. Among them were Jas. Maddox, of State Line; Jno. Wade, Jordan; Sam Wilson and Louis Atwill, of Hickman, and others.

FOR BRAVERY.

Pursley, Hickman Negro, Awarded Distinguished Service Cross.

Among the members of the American Expeditionary Forces cited for bravery and awarded the distinguished service cross by General Pershing is Private Earl Pursley, of Hickman.

The citation issued by the War Department at Washington in the case of Pursley, follows: Private (first class), Earl Pursley, Medical Department, 360th Infantry, A. I. No. 2170837. For extraordinary gallantry in action near Lesseux, France, December 25, 1918. Private Pursley bravely carried a wounded soldier from an exposed position under intense enemy shell fire for a distance of 400 yards to the dressing station. He then immediately returned to the position and helped to dig out men who had been buried by the explosion of shell.

Home address, Earl Pursley, father, general delivery, Hickman, Ky. Only two distinguished service crosses have been awarded to soldiers of this end of Fulton county, so far as we know. The other went to Sergt. Rufus Steward, also colored, son of Roup Atwood, of Hickman.

GEN. YOUNG DEAD.

Great Kentuckian Passes Away. Was Known and Loved by Hickmanites.

Gen. Bennett H. Young, soldier, attorney, author and former commander-in-chief of the United Confederate Veterans, is dead. The death of General Young came at Louisville Saturday, after his return from Florida.

General Young was in his seventy-sixth year, and a native of Kentucky. In 1918 he was given the highest honor possible for the old Confederacy to bestow upon one of its faithful followers of the early sixties, when he was elected commander-in-chief of the United Veterans. He held this high post of honor until 1916 when he retired and was made honorary commander-in-chief for life.

At the outbreak of the Civil War he served with Gen. John H. Morgan's famous cavalry command and was in command of the St. Albans raid. At the end of the Civil War Gen. Young spent three years in exile on account of the refusal of President Andrew Johnson to include his name in the amnesty proclamation. While exiled, he completed a course of law and literature in the Queen's University of Ireland, and attended a year's lecture at the University of Edinburgh.

Gen. Young returned to America with such allies as John C. Breckinridge, James M. Mason, T. T. Watkins, Charles J. Helm, and John B. Castleman. He was known as the "baby exile," all the others being men well advanced in age, while Gen. Young was

DAWSON WINS.

West Ky. Summer Resort Will Get U. S. Hospital—Cost \$5,000,000.

Dawson Springs will get a Government hospital which with equipment will cost about \$5,000,000 if the bill introduced Tuesday by Senator Hardwick, chairman of a sub-committee of the public buildings and grounds committee, becomes a law, and there is every indication that it will.

The Senate committee has been holding hearings on the proposition to appropriate \$12,000,000 for two government hospitals for the treatment of convalescent soldiers. For some time Senator Beckham has been pushing the Dawson Springs project vigorously despite an apparent disinclination to adopt the project.

The sub-committee has realized the need of some such institution, and the measure has been approved. Dawson Springs and the other hospital site to be selected will take care of 7,000 beds. The hospital will be the last word in hospital design and equipment and models for the world, if built, as now seems certain. Once the sub-committee had decided the need of such hospitals existed, Dawson Springs claims were pushed so vigorously and so well that it was chosen.

SHOULD GET BY.

Farmer Undoubtedly Has Best of It During Re-Construction.

Of all the producers, the farmer is going to find himself in the best position financially, during the period of readjustment, according to reports coming out of Washington from day to day. The United States Food Administration the other day asked Congress to appropriate \$125,000,000 to maintain the price of wheat at \$2.20, a figure guaranteed by the Government for the 1919 wheat crop prior to the ending of hostilities. It seems likely that the Food Administration will father other legislation and decrees which will protect the farmer against lowering prices.

Following hard upon that announcement the California Food Administration made public the fact that the Government is going to purchase virtually the entire bean crop of the State for the army and navy. The Government has been purchasing about 5,000 tons of beans a month at a higher price than beans ever brought before the war.

The average price of wheat to the farmer on July 1, 1914, was 76.9 cents per bushel. In other words the Government guaranteed to the wheat raiser for a period of two years, an advance of 194 per cent over what his produce brought in normal times. Competent authorities estimate that should the Government withdraw its guarantee now that the fighting is over, wheat would drop to at least \$1.35 per bushel, and probably lower.

In the light of all this, the Government expects the farmer to participate more than ever in the coming Victory Liberty Loan.—Ex.

Established 1890

but 22 years old. He began the practice of law in Louisville upon his return to the State. He never had held a public office except that of member of the Constitutional Convention of 1900.

Gen. Young's first great honor at the hands of Confederate Veterans came in 1910, when he was Lieutenant General commanding the Department of Tennessee, U. C. V. This commission he held for two years, and in 1912 was made Commander-in-chief of the United Confederate Veterans, which rank he held for four years.

General Young won laurels as a historian and author. He always evidenced a keen interest in the "Pre-historic men of Kentucky," and his book by that name represented the researches of a lifetime. He was also author of a number of historical works; prominent in the development of railroads in the state, etc.

He possessed many friends at Hickman who mourn his death. The occasion of his last visit here was the unveiling of the beautiful memorial gateway at the Hickman City Cemetery, a beautiful tribute to the memory of the "boys in grey," who sleep their last sleep in this sequestered spot. In a lighter vein, he turned to his grey-haired comrades-in-arms, with a buoyancy of spirit and eloquence that will be remembered by them as his last great, up-lifting address in their hearing. It was on this occasion he said: "Boys, we are not old; no sir. We've just been here a long time." General Young always lived on the sunny side of life, imparting the spirit of youth and vigor, despite his 76 years. In his death, the state has lost one of her greatest men.

J. W. Schleicher, branch manager of Mengel Box Co., at St. Louis, and J. H. Macley, of the Louisville office, arrived here Friday to visit this branch. In company with Frank Borries, they made the trip on Str. Exporter to Hales Point, Tenn., returning Tuesday.

Mayor F. L. Pittman, of Union City, received official notice last week of his appointment on the staff of colonels as military escort of Governor Roberts on State occasions. Colonels are getting so plentiful now-a-days, it is only a small honor to be colonized.

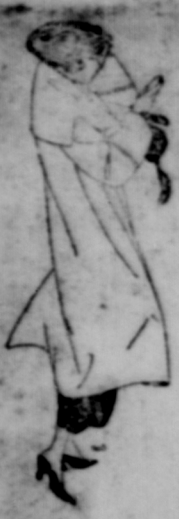

Governor Stanley has begun preparations to leave the executive mansion for Washington, but whether he has decided upon the date for relinquishing the executive chair for the United States senatorial seat, is unknown.

Mrs. Modena Glisson, aged 26, wife of Mr. Cecil Glisson, died of influenza and pneumonia, Thursday of last week at the family residence near Kenton. She was a half sister of J. C. Harrison, of Hickman.

QUARTERLY COURT.

Following are Cases of Interest Tried Since Last Report.

Clarence Exom, colored, charged with highway robbery. Bond reduced from \$500 to \$200.

John Spates, gaming, failed to plead; fined \$20.

W. H. Yarber, breach of the peace (fighting) \$1 and costs.

Mose Barkett, breach of the peace (fighting) \$1 and costs.

Alvin Hicks, securing money under false pretense, case dismissed. The defendant had saved and promised to finish by a given time the sawing of a bill of lumber for C. C. Bondurant.

Proof showed that he had received his money—about \$32—on the strength of the promise, and that the lumber was sawed according to promise.

Some four or five cases against Dr. R. T. Ridd, of Fulton, were dismissed. One case, however, in which he was charged with "failing and refusing to report a case of smallpox, an epidemic disease, to the County Board of Health" was continued and set for March 3rd.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Friends of Capt. Robert Caldwell, of Ashland, former head of the Workmen's Compensation Board, are suggesting his name as a candidate for Attorney General.

For Sale: Good Timothy and mixed Hay, Ton lots or Car load. Also good Burt Seed Oats 90c per bushel.—J. P. Maddox, R.F.D. No. 3. 3tc.

Mrs. Calvin Osburn, of Hickman, spent several days here last week with relatives and had dental work done.—Union City Commercial.

All the new congress will have to do will be to keep everybody's wages up and reduce the price of everything.

Mrs. Essie Williams, a trained nurse of Union City, is here attending Mrs. T. M. French.

THAT INCOME TAX

Pointers on What You May Expect if You Fail to Make Return.

Work on the collection of \$6,000,000,000 has been begun by the Bureau of Internal Revenue. This is the estimated yield of the new revenue bill. The income tax provisions of the Act reach the pocket-book of every single person in the United States whose net income for 1918 was \$1,000, or more, and of every married person whose net income was \$2,000, or more. Persons whose net income equaled or exceeded these amounts, according to their marital status, must file a return of income with the Collector of Internal Revenue for the district in which they live on or before March 15.

Here is what will happen to them if they don't, for failure to file a return on time, a fine of not more than \$1,000 and an additional assessment of 25 per cent of the amount of tax due.

For "willfully refusing" to make a return on time, a fine not exceeding \$10,000, or not exceeding one year's imprisonment, or both.

For making a false or fraudulent return, a fine of not more than \$10,000, or imprisonment for not more than one year, or both, together with an additional assessment of 50 per cent of the amount of tax evaded.

For failure to pay the tax on time a fine of not more than \$1,000 and an additional assessment of 5 per cent of the amount of tax paid, plus one per cent interest for each full month during which it remains unpaid.

In addition to the \$1,000 and \$2,000 personal exemptions, tax-payers are allowed an exemption of \$200 for each person dependent upon them for chief support if such person is under eighteen years of age and incapable of self support. Under the 1917 Act, this exemption was allowed only for each dependent "child." The head of a family—one who supports one or more persons closely connected with him by blood relationship, relationship by marriage or by adoption—is entitled to all exemptions allowed a married person.

The normal rate of tax under the new law is 6 per cent of the first \$4,000 of net income above exemptions, and 12 per cent of the net income in excess of \$4,000. Incomes in excess of \$5,000 are subject also to a surtax ranging from 1 per cent of the amount of the net income between \$5,000 and \$6,000 to 65 per cent of the net income above \$1,000,000.

Payment of the tax may be made in full at the time of filing return or in four installments, on or before March 15, on or before June 15, on or before September 15, and on or before December 15.

100,000 PRESCRIPTIONS WERE FILLED BEFORE "40" WAS DISCOVERED.

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions from physicians educated in Europe and America before "Number 40 For The Blood" was discovered; the great specific for all blood diseases. Successfully employed in diseases of the glandular system, in blood poison, mercurialism, lead poisoning, chronic rheumatism, catarrh, constipation, hepatic congestions, dyspepsia and stomach troubles, sores, ulcers, nodes, tumors and scrofulous swellings that have withstood all other treatment yield to "No. 40."

Sold by Cowgill's Drug Store.

W. J. Harris, who for the past eighteen months has been county agent of Carlisle county, on Saturday handed his resignation to the fiscal court, and the same was accepted.

Bob Taylor was over from Fulton Monday.

IN AN UNUSUAL UNIFORM

It is probable that among the thousands of men in uniform you have seen on the city streets you have never seen one wearing this particular uniform. This man belongs to the most exclusive branch of Uncle Sam's fighting forces—he is one of the regular naval gunners who manned the big 14-inch naval guns which helped smash the German lines on the western front. There were only 500 men, all picked from the regular navy ranks, in this service. Their uniform is similar to that of a marine except for the insignias, which are those of the navy. Many of the 500 have returned to this country and are now at the naval barracks in Brooklyn, N. Y.

Couldn't "See" France.

"How do you like this country, George?" asked an officer of a coal-black southern plantation darky, whom he found working on a road in the rural part of France.

"Thisyer's no country for a nigger, cap'n," replied the toiler in olive drab. "I been here eight months and I ain't even seen a rabbit. Is you?"

Then George went back to his shovel muttering curses against a land in which one couldn't even find a rabbit.

Another darky was asked whether he was glad the armistice had been signed.

"You bet I is," he exclaimed. "I wants to get back to Geo'g soon's I kin. All I seen over here is rain and kill-o-metts."

GIRLS! LEMON JUICE IS SKIN WHITENER.

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one has to pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so that no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. WE'RE NOW IN THE ERA OF RE-CONSTRUCTION.

After the long spell of war time restrictions there is a freer feeling among men to reconstruct their neglected wardrobe. We can hold our heads high now when we spend money on ourselves. Shabby clothes are no longer a badge of patriotism—They're the sign now of carelessness. No matter what your dress requirements may be, you can find here a most remarkable variety of fabrics and models running from the most conservative to the most ultra-stylish young men's high waist line military models, and at prices to suit the purses of all.

There's nothing too good for you who are returning from military life, and I'm in a position to put you back into civilian clothes, and shall take more than usual interest in waiting on you.

DEFEATED STOCK LAW.

For the second time in six months, the measure to adopt a stock-law in six of the seven townships of Mississippi county was defeated by a big vote last Tuesday. The total vote was 642 for and 724 against the adoption. The heavy vote against the stock-law at Wolf Island, Dorena and Croson is responsible for the defeat of the measure.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof
We publish the formula of Vinol to prove convincingly that it has the power to create strength.

It's Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Casein.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it and be convinced.

SPRING THINGS FOR MEN.

In the Spring a young man's fancy lightly turns to thoughts of—dress! We don't agree with that familiar old quotation for Spring dress is no light matter, save in its comforting coolness.

Even the styles in collars have changed this Spring. Neckwear is more cheery-looking. Shirts more colorful. The reason why is because this is "Victory Year." Aren't you going to celebrate, too, with the better and new? Ready here with the best of Spring things for men—to ear.

KILLED IN ACTION.

Corp. Henry Owens Falls in Argonne Woods Battle.

Mrs. Mary A. Owens, of this city, has just received word from the Red Cross that her son, Corporal Henry C. Owens, who has been previously reported as "missing," was killed on October 2, in the battle of Argonne Woods, in France. Confirmation of the sad news came Saturday.

Corporal Owens was a Hickman boy, 23 years old, and will be remembered as having worked for D. P. Leibovitz for some time previous to 1912, after which he went to St. Louis. He volunteered for service in the Infantry, at St. Louis, and went overseas last July. He was an exceptionally fine boy and his many friends here will mourn his untimely death.

Besides his mother, young Owens is survived by five brothers—Arthur, C., Alvin, H., Cecil, Clifton and John Owens; and two sisters, Misses Mary and Myrtle Owens, all of Hickman, except Miss Myrtle, who resides at St. Louis.

Corporal Owens' Lieutenant, Wm. H. Leahy, who was also wounded in Argonne Forest, writes Mrs. Owens in part as follows: "Knew your son well and he was a good soldier and never gave me any trouble. I am sorry about him and sympathize with you, but you had a boy you could well be proud of," etc.

HAD FINE TIME.

Father and Son's Banquet at La Ciede An Enjoyable Affair.

Friday evening, at the La Ciede Hotel, the Baptist fathers and their sons enjoyed a royal feast. There were more than fifty people present to enjoy the good things of the evening.

An informal program was rendered for the entertainment of the guests of the evening by several of the young ladies of the church. Miss Lois Choate charmed her hearers with a select reading and a vocal solo. Miss Mary Tempa Burnett also delighted the company with a vocal solo. Miss Virginia Crain rendered an instrumental solo.

A jolly bunch of men and boys gathered about the tables in the large dining hall of the La Ciede and Dr. A. E. Barrett, Dean of the Norman School of Hall-Moody Institute of Martin, Tenn., returned thanks.

The ladies of the church had provided an abundance of good things to eat and the tables were literally loaded. Several ladies were present to see that the banqueters were properly served.

After the feast, Pastor H. M. Crain, acting as toast-master, called on several for speeches. Hon. J. W. Roney responded to the toast "Shooting at random." Mr. W. C. Porter responded with "Chips from the Old Block," while Prof. D. J. Miller made a telling speech on "The Boy is Father to the Man." The toast-master then introduced Dean A. T. Barrett, Ph. D. L. D., who charmed his hearers as he spoke on "The Dividing Currents of Life." Dr. Barrett's long life devoted to training the young, and his large-hearted sympathy for the parents enabled him to speak words of wisdom for all present.

The company tendered a rising vote of thanks to our genial friend, Mr. J. O. West, proprietor of the La Ciede Hotel, for generously tendering the use of his splendid hotel for the occasion. It was the unanimous expression of all present that "J. O. is alright."

The men also tendered a vote of thanks to the ladies who provided and the young ladies who served the banquet of the evening.

There was a general verdict that the banquet was a great success and would bear repeating.

KABO**The Live Model Corset**

Even the highest priced KABO model is inexpensive for the woman who must be active, efficient, well dressed and always in good health. Paying a little more for a better corset gives less expensive suits and gowns the good style that comes from correct lines. This is due to the Special KABO fitting over Live Models bending to every working position, it secures positive comfort and correct support at every point, and KABO fabrics, because of extra strength, will give you additional months of wear.

New Styles of KABO, live model corsets and brassiers now to be had at this store, only.

New Spring Millinery

Ladies' New Spring Trimmed Hats. They are drummers' samples, bought cheap and they are going fast at the prices we have them marked. Come now and get your new Spring Hat, at Dobson's for half price.

FIRST BAPTIST CHURCH.

They say men do not attend church, but it is not true. If you were at the First Baptist church last Sunday you would have seen perhaps more men and boys present than women and girls. Quite a number of visitors were present. The Father and Son week was a grand success in every way. Next Sunday is the first Sunday in March, and the beginning of our spring work. We wish to carry out a great campaign for the enlargement of our work in every way. Are you in with us on this campaign? If not, get in. The work is fine. Don't be a "slacker." What do you say? Let's put that Sunday school up to 200. Sunday school at 9:45 a. m. Preaching at 11 a. m. and 7:30 p. m. Prayer meeting Wednesday, 7:30 p. m.—H. M. Crain, Pastor.

COUSINS BORN SAME AFTERNOON

A coincidence of more than passing singularity was recorded here Monday when two sisters—Mrs. T. M. French and Mrs. Edw. A. Thrallkill—had babies born to them less than three hours apart and within two hundred yards of each other. Drs. Hubbard and Chas. Curlin, the attending physicians, tell us they never heard of a similar case. Mrs. Lillian Smith, nurse for both mothers, had a few busy hours, too, but was equal to the emergency and dressed both youngsters. Little Miss French arrived between 12 and 1 o'clock, and little Master Thrallkill was here a few minutes past 3 o'clock.

O. L. Bartlett, of Mound City, was here last week on business.

INCOME TAX MAN HERE.

Get ready for the Income Tax man. He arrived in Hickman February 24, 1919 and is located at Hickman Bank & Trust Co., where he can be consulted without charge.

"Bring in your figures, your problems, your doubts, and your questions," is his invitation contained in the announcement of his visit.

Collector of Internal Revenue Griffith, is sending one of his deputies, Mr. Wilson, solely to help people in this vicinity to determine their individual liability and to comply with the law's requirements as to 1918 incomes.

His office hours will be from 8 a. m. to 4 p. m. each day, and he will remain in town until the close of business on March 1, 1919.

"This free advisory service," writes Collector Griffith, "is planned for those who are required for the first time to consider their liability and to make sworn returns."

THE HEN THAT LAYS.

Is the hen that pays. If she does not lay, kill her, but before you kill her give her B. A. Thomas' Poultry Remedy twice a day for a week, and then you will not kill her for she will be paying you a profit. It not only makes hens lay but is a remedy for Cholera, Roup, and Gapes. We guarantee it to cure or we refund your money.—F. E. Case.

TO MR. SYD. L. DODDS.

There's a mighty change in Hickman, And the old town's not the same; There's a different air about it, Though they cannot call its name. There's no funeral train connected, And they long since closed "the lid," But the whole town bows in sorrow, That they're losing "Mr. Sid."

Who will comfort those in trouble, Who will give to church and school; Who will help to lift the mortgage, From the last year's crop and mule. From the oldest of his tenants, To the tiniest little kid, Have a mournful look about them, They are missing "Mr. Sid."

And the soldiers coming home now, And the ones who're still across; Know just what he helped them finish; And they, too, realize their loss. Tho' you are the winner, Clarksdale, 'Twas a selfish deed you did; For Hickman isn't Hickman, Without its "Mr. Sid."

DOG TAXES COLLECTED IN FULTON COUNTY

The Following Report to Commissioner of Agriculture, Shows Who Has and Who Has Not Paid Dog Tax.

Under the dog law the County Clerk is required to have published the entire list of dog owners in Fulton county. The law, in part, is as follows:

"The record shall be a public record, open to persons interested, during business hours. And in addition thereto it shall be the duty of the County Clerk to cause to be published by precincts in one of the newspapers of the county, if there be such, by Feb. 15 of each year, the owner's name, postoffice and number of dogs for which he has obtained a license," etc.

If you want to be paid for the stock and poultry the dogs kill for you, you must have your dogs tagged; otherwise you are not entitled to pay, according to law.—O. C. HENRY, County Court Clerk of Fulton County, Ky.

The J. L. Glover sale yesterday was a big success. The farm of 317 acres, which is 8 miles south of town, went to a Union City purchaser at \$121 an acre. Everything sold well and a large crowd was in attendance. J. L. Glover heavily in printer's ink—but he isn't sorry.

REDUCE RATES.

Lee Line Makes Out of 20 Per Cent in Freight Rates.

Freight rates on the river between Memphis and St. Louis to all competitive points were cut to 20 per cent below railroad rates by the Lee Line steamers Monday. This cut meets the government barge rates announced last week. The reduction operates both on freight coming downstream from St. Louis and on consignments going the other way.

Only two ports of call between Memphis and St. Louis are excepted from this ruling—Luxora and Osceola. The reduction in them is about 10 per cent. This difference is made because service to these points is classed as express, deliveries being made the same day the shipment leaves the point of origin.

Coincident with announcement of the cut in rates the Ferd Herold of the Lee Line left Memphis for St. Louis in her first trip of the year, carrying an excellent cargo of miscellaneous nature.

GET YOUR DODGE NOW.

Get your order in now for a new Dodge Car, so as to be able to get one out of the next shipment which will arrive in about ten days.

All of last two shipments have been sold, so place your order now and have a new Dodge in the next shipment. See local dealer, John W. Harper, 1c

John R. Bryant returned from a business trip to Charleston, Mr. first of the week. He tells us that the live wires over there are pushing the Charleston-Hickman railroad project. One wealthy planter subscribed for \$75,000 worth of the railroad stock and gave them a right-of-way through his farm; and others are doing their bit in proportion. It is a live issue throughout southeast Missouri—and still on this end of the line we are doing nothing. A goodly portion of the right-of-way has already been secured.

Little Miss Dorothy, daughter of Rev. and Mrs. R. C. Douglass, entertained a large number of her friends Saturday afternoon from 3 to 5 in honor of her seventh birthday. Games were enjoyed by the little folks and later delicious refreshments. The little hostess was the recipient of many remembrances and good wishes.

Mrs. J. H. Millett is able to be up after several days' illness. As soon as she has recovered, she will go to Florida to visit her son, Harry Millett and wife, for a few months. She will be accompanied by Mrs. J. M. Hubbard who will visit her mother at Brooksville.

Rev. A. I. Myhr will fill his regular appointment at Mt. Hermon next Sunday at 11 a. m. and at night. Also a collection will be taken up for Foreign Missions.

Irvine Brevard, who has a position with the Mengel Box Co., at Jersey City, N. J., visited his parents, R. B. Brevard and wife, first of the week, and returned yesterday.

Missouri Farmer Died Here This Morning of Erysipelas.

John Futch, age about 35 years, died at the home of Cale Kelly, in this city at an early hour this morning. Death was the result of erysipelas of the face. Deceased was a well known farmer of Mississippi county, Mo.

UNDERWENT OPERATION.

The 12 year old daughter of R. H. Engle, who was carried to Nashville Tuesday for an operation for appendicitis, is reported some better this morning, although her condition is yet critical. Mr. and Mrs. Engle are at her bedside.

The people of Mississippi county can well afford to get in behind the movement which is again on foot to build a Charleston-Hickman railroad. The value of such a road would more than offset the expense of construction within a year after completion, and the people of the two cities and land-owners along the proposed line should deal liberally with the proposition when it is presented for their consideration, at some time in the next few weeks.—Charleston Courier.

SWEEPING TAX.

Luxuries, Liquor, Soft Drinks, Autos, Tobacco to Go Up.

Pres. Wilson, immediately upon his return from Europe, signed the new revenue bill, which in part went into effect yesterday.

Higher taxes are provided in the new bill on liquor and soft drinks, including near-beer, grape juice, soda water and mineral waters and on tobacco and on so-called luxuries. Anticipating the imposition of new taxes, thousands of gallons of whiskey had been withdrawn from Government bonded warehouses within the last week, with tax paid at the old rate of \$3.20 a gallon, to escape the higher rate of \$6.40 a gallon now effective.

Articles in the "luxury" class on which new taxes go into effect now, include automobiles and motor accessories, pianos, sporting goods, chewing gum, cameras, candy, fire-arms, slot-machines, toilet soaps and art goods. The tax is paid by the manufacturer. Other features of the tax bill which go into legal effect but which are retroactive, and which consequently are not practically affected by the time of the signing of the bill include the following:

Taxes on incomes, excess profits and war profits, estates and inheritances, and excise taxes on a number of special businesses such as brokers, bowling alleys, insurance companies, theatre and amusement place proprietors and liquor dealers.

On April 1, new taxes on railroad and steamship tickets, pipe lines, insurance, theatre admission and club dues and a variety of stamp taxes become effective. Levies against the excess of value of so-called semi-luxuries, such as articles of dress, will be made after May 1. The soda fountain tax becomes effective May 1. Taxes on products of child labor will be imposed in sixty days.

**TIME TO START
POULTRY RAISING**

At no time in the history of the standard-bred poultry business has there been such a favorable opportunity for the beginner or small breeder to make a good profit from poultry. There has never been a time when it would pay so well to keep even a small flock in the back yard to supply the family needs.

In conversation with a back-yard poultryman, writes a poultry expert, we learned that from nine hens he had secured enough eggs during the past year to supply fresh eggs for the table use of a family of three, and they had eggs on the table at least one meal every day. His feed bill was very little owing to utilizing the table scraps, which, made into a mash, made up a nice part of the daily ration. The saving in meat and egg bills was no little item of expense, and, as he put it, "The expense and trouble are so little it's just like finding them."

For the poultryman the future never was brighter. The demand for stock, eggs and baby chicks is sure to be the greatest in the history of the business, and those who have stuck through the trying times of the past and those who will take up the breeding of standard-bred poultry will reap a great harvest during the next few years. The present prices of market poultry and eggs, backed up by recent government reports on cold storage holdings, indicate prices will continue to soar higher.

The man who is in the poultry business, or can get in even with a few fowls will come out a long way ahead, even if only a few are kept for his own family use—to reduce the advanced cost of living.

**Returning Soldiers Have
Outgrown Civilian Clothes**

Some of the soldiers returning to civil life from the world war are facing a problem they did not expect—not the problem of finding a job to fit them, but that of finding a suit to do so. As they return to civil life and civil habits it seems likely the tailors will be busy, for the men are finding they cannot get into the clothing they discarded when they donned uniforms. Gains in weight up to 25 pounds are common, while some have made greater gains. Those who went in the army young and not fully developed, made especially large gains, but men of twenty-five years and up, who thought they had stopped growing, find that they have added brawn and muscle to a degree that prevents them wearing their former garb and that they will have to provide themselves with new clothes. In some cases, the shoes, too, will have to be a size or two larger and made on a wider last as well.

Mind Still a Puzzle.

Science hopes that in time it may discover the method whereby the billions of brain cells operate in making us the thinking creatures we are. It would know why the large mind is not always the large brain; why we reach our everyday conclusions in the diversified affairs; why we act, plot, scheme; why, as Professor Scott asserts, the brain can stand the strains of persistent work better than the muscles of the body.

129-Acre Farm Cheap. For quick sale, we offer a nice little place of 129 acres, 6 miles south of Hickman, at a bargain. About 70 acres, part of the creek bottom, in cultivation, most of the balance can be put in; all strong, well producing land. Ever since Noah left the ark, this land has laid out under the sunshine and rain absorbing all the fertility that nature imparts to the earth. For the past 25 years it has been carefully farmed. Never has it been asked to produce without putting something back. Small orchard, barn, ordinary 4-room house, good cistern, two living springs, all under fair fence. Is rented now for third of corn and fourth of cotton. One mile from Beech Grove, but just over Tennessee line. Particulars at this office. 2-10p.

JNO. FUTCH DEAD.

Missouri Farmer Died Here This Morning of Erysipelas.

John Futch, age about 35 years, died at the home of Cale Kelly, in this city at an early hour this morning. Death was the result of erysipelas of the face. Deceased was a well known farmer of Mississippi county, Mo.

He is survived by a wife and one child; a sister, Mrs. Chas. Ray, of this city, and a brother and sister in Illinois.

The remains will probably be laid to rest at the city cemetery, but the hour for interment has not been announced.

UNDERWENT OPERATION.

The 12 year old daughter of R. H. Engle, who was carried to Nashville Tuesday for an operation for appendicitis, is reported some better this morning, although her condition is yet critical. Mr. and Mrs. Engle are at her bedside.

The people of Mississippi county can well afford to get in behind the movement which is again on foot to build a Charleston-Hickman railroad. The value of such a road would more than offset the expense of construction within a year after completion, and the people of the two cities and land-owners along the proposed line should deal liberally with the proposition when it is presented for their consideration, at some time in the next few weeks. SWEEPING TAX.

Luxuries, Liquor, Soft Drinks, Autos, Tobacco to Go Up.

Pres. Wilson, immediately upon his return from Europe, signed the new revenue bill, which in part went into effect yesterday.

Higher taxes are provided in the new bill on liquor and soft drinks, including near-beer, grape juice, soda water and mineral waters and on tobacco and on so-called luxuries. Anticipating the imposition of new taxes, thousands of gallons of whiskey had been withdrawn from Government bonded warehouses within the last week, with tax paid at the old rate of \$3.20 a gallon, to escape the higher rate of \$6.40 a gallon now effective. Articles in the "luxury" class on which new taxes go into effect now, include automobiles and motor accessories, pianos, sporting goods, chewing gum, cameras, candy, fire-arms, slot-machines, toilet soaps and art goods. The tax is paid by the manufacturer.

Other features of the tax bill which go into legal effect but which are retroactive, and which consequently are not practically affected by the time of the signing of the bill include the following:

Taxes on incomes, excess profits and war profits, estates and inheritances, and excise taxes on a number of special businesses such as brokers, bowling alleys, insurance companies, theatre and amusement place proprietors and liquor dealers.

On April 1, new taxes on railroad and steamship tickets, pipe lines, insurance, theatre admission and club dues and a variety of stamp taxes become effective. Levies against the excess of value of so-called semi-luxuries, such as articles of dress, will be made after May 1. The soda fountain tax becomes effective May 1. Taxes on products of child labor will be imposed in sixty days.

ARE YOU READY?

Income Tax Report Must Be Made By March 15th.

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Kentucky should make their returns and pay their taxes to the nearest of the following: Josh T. Griffith, Owensboro; J. Rogers, Gore, Louisville; Charlton B. Thompson, Covington; Elwood Hamilton, Lexington; John W. Hughes, Danville.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return.

It is estimated that many thousands of single and married persons in this section of the United States, who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Are Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

A married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

All who will aid either in sewing or knitting will call on Mrs. Randle for the necessary material.

In another column of this issue will be found a heart-to-heart talk from the city fathers to the taxpayers of Hickman regarding the financial condition of the city. From this it will be seen that the city's revenue last year amounted to something over \$13,000 and obligations contracted (only a portion of which was paid) was over \$15,000. Obviously, this kind of business will result financially in disaster and the only remedy is to increase the revenue or cut the expense. As the authorities cannot figure a way to reduce their expenditures, they have chosen to increase slightly our taxes to meet the deficit, and ask us to stand the raise. Its a matter of civic interest and pride. What will you do?

On Friday evening of last week, the Social Embroidery Club gave an interesting Washington birthday party at the home of Mrs. W. F. Edmonds, a large number of guests attending, besides the club members. All wore costumes, many with powdered hair and were masked, one of the dresses worn dating back as far as 1859. Little Miss Mary Frances and Laverne Powell, dressed as Martha and George Washington, assisted Mrs. Edmonds in receiving. A number of contests and different amusements were enjoyed, all being suggestive of the day. The rooms were decorated in red, white and blue bunting and many flags. The dining room was especially attractive, the round table having for a center piece a small cherry log with branches and cherries, the edge of the table cloth being scalloped with red hatchets, which were also given the guests. The prize, a small oval picture of George Washington, was won by Mrs. Ed Adams. An excellent salad course, lemonade and candy were served.

AN ANNOUNCEMENT.

The Hickman Drug Co. is pleased to announce that Ernest (Dan) Creason has accepted a position with the firm for the coming year, beginning March 1st. Mr. Creason, who is one of the best dispensers in Kentucky, will have charge of the soda fountain, and his friends, as well as the firm's, are invited to take advantage of the excellent service which he will render in this capacity. Meet your friends at the Hickman Drug Co., the "Rexall Store."

If you need anything from any of the stores that do not deliver, remember that our car will be coming your way and we will be glad to bring it up for you.—Bondurant Bros.

Mrs. C. T. Bondurant and son, Booster, who have been spending several weeks in California, spent the past week with Mrs. Fay Hines, formerly Miss Laura Brown, at Fresno.

The Gamma Tau Club was entertained Tuesday evening by Miss Carrie Mai Reid at two tables of "500". A salad course and grape juice were served. The guests were Mesdames K. A. Tally, Edward Rice, Mack Reid and Rob Coffee, and Mesdames Celeste Roberts, Camille Barrett, Bettie Louise Curlin, Lucile Crook.

HAROLD MEACHAM DIES.

The many friends of the family here tender deepest sympathy to John M. Meacham and wife, of Seoba, Miss., formerly of this city, in the loss of their bright little five-year-old son, Harold, who died Sunday. The little fellow fell a victim of influenza in October. Complications set up and inflammatory rheumatism followed from which he was unable to rally; in fact, he was never able to walk again.

Mrs. Meacham's mother, Mrs. S. M. Cavitt, and brother-in-law, Maj. S. H. Hinton, left Sunday for Seoba to attend the funeral.

Mr. and Mrs. Meacham have our profound sympathy in their great sorrow.

ARE YOU READY?

Income Tax Report Must Be Made By March 15th.

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Kentucky should make their returns and pay their taxes to the nearest of the following: Josh T. Griffith, Owensboro; J. Rogers Gore, Louisville; Charlton E. Thompson, Covington; Elwood Hamilton, Lexington; John W. Hughes, Danville.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return. It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Are Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

A married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

This is the first official photograph to arrive in this country showing the peace delegates in session in Paris. These delegates are from every country in the world.

SPECIAL NOTICE.

To the City Tax Payers of the City of Hickman, Ky.

Some two years ago the city seeing that they were going in debt farther and farther each year decided to employ an auditor to come here and make an audit of the city books to show the reason for this discrepancy. Now the auditor came and found that the books were O.K. but that the city running expenses were greater than the income by about \$800.00 to \$1500.00 per year and that same had been running that way for several years, which of course, had the city several thousand dollars behind; they having issued warrants to cover all this indebtedness, but of course, these warrants not being paid, are outstanding against the city.

Then in 1917 the State passed law prohibiting cities from assessing notes, mortgages and monies, which means a loss to Hickman of about three thousand dollars of the revenue they had been receiving, which caused the city to increase these losses each year just about double the amount that they had been losing each year, which of course had put the city in a very bad way financially, and unless some steps are taken to overcome this great loss each year the city will be in the hands of a receiver in a very short time.

Now in order that the city overcome this loss it means that the good people

and tax payers stand behind the city Council and help them to raise the taxes necessary to run said city, and owing to the fact that we cannot raise our rate, which is very low one 87 cents on the hundred dollars, most towns and cities are charging from \$1.50 to \$2.00 on the hundred, our only chance is to raise the value of all the real estate assessed in the said city, which the Board of Equalizers for the year of 1919, acting upon the request and pleadings of the City Council, the only men who know what a straight the city is now in, have gone over the assessment for the year 1918, tried to equalize each man's property in accordance and to put on enough raise, without doing an injustice to anyone, to meet the direct demands of said city.

So if you receive notice that your assessment for this year was raised a certain amount, don't get angry and try to fight the Council and Board of Equalizers, but just take your home town to heart, look up your neighbor and see if he is not in line with you and then all get behind the wheel and help get the city back on her feet again.

Below you will find a statement of the city's affairs for the year 1918 as shown by the city books which are open to anyone wishing to investigate, and you will get some idea of the reason and the cause of the city's trouble.

Now the city collected during the year 1918:

Taxes and fines, \$10,850.43
License, 1,712.88

Cemetery funds, 431.25
Franchise Tax, on which suit was brought, 802.78
Total Collected, \$13,887.34

Now out of this amount collected the city took up city warrants to the amount of \$7,972.26 which represents old outstanding indebtedness of the city, and after so doing it only left the city \$5,915.08 to pay off the current expenses.

Now the city spent during the year as follows:

Salaries, \$4,274.00
Ky. Light & Power Co., contract, 4,000.00
Hickman Courier, contract for printing Council proceedings, 75.00
For printing and tax books, 98.40
Fire engine and jail house expense, feeding prisoners, gasoline, hose and repair to fire engine, 897.32
Street work, including debts for the year 1917, 1,068.75
Payments on notes owed by the city:
Ky Light & Power Co., 2,023.23
Mengel, 575.00
Amer-LaF. Fire Eng Co., 185.00
Hick. Bnk. & Tr. Co., 301.24

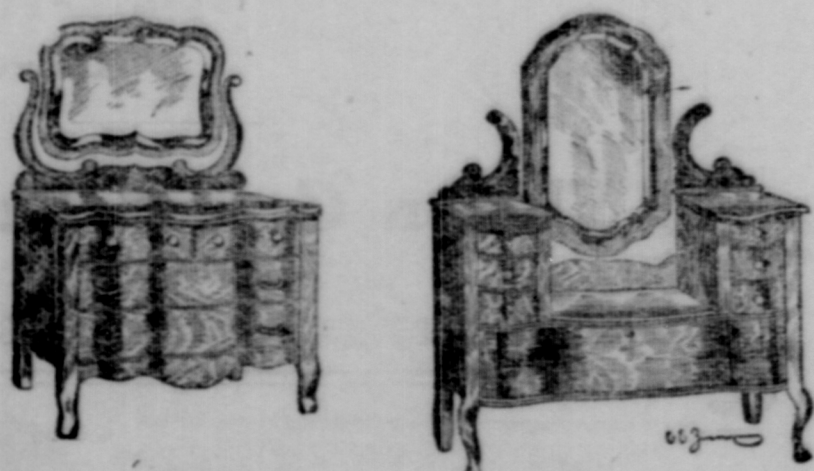

Refund in taxes, error in ast., 137.58

Repair to City Hall, part of which was incurred during the year 1917, 824.05

Taking the city assessment, Board of Equalizers and election of officers for year 1918 155.00

Collecting of Franchise tax, 225.00
Miscellaneous, Mdse., Smallpox, etc., 141.19
Total, \$15,620.81

Which readily shows for itself just how the city has been running for the past year or five years and unless some steps are taken to remedy, this loss is bound to mean disaster to our little city.

So now when you receive your notice of a raise in your assessment just bear this in mind, and do not think that anyone has something against you, but that very one is getting the same thing and that we are all going to pull together and get old Hickman on her feet once more, which we think we can do under the present assessment, with the backing of all our taxpayers.

RESIDENCE BURNS.

Home of Delbert Choate Destroyed; Probably Set on Fire.

The handsome little bungalow home of Mr. and Mrs. Delbert Choate, just east of town, was destroyed by fire between 7 and 8 o'clock Tuesday night. A greater portion of the contents were carried out and saved, as the fire started on the south side of the house and burned slowly against a strong north wind.

Just how the fire originated is not known, but Mr. Choate believes it was an incendiary blaze. Some ten or fifteen minutes before the fire was discovered he had occasion to go out in the back yard, and as he did so he saw a man going over his back-yard fence. He had scarcely returned and set down to read when Mrs. Choate detected the odor of burning pine and upon investigation found the whole ceiling of the back porch ablaze. There was nothing on the porch to start the fire and it is thought the man who mysteriously disappeared over the fence had something to do with it.

Mr. Choate carried insurance, but we failed to learn the amount. The house was practically new, contained about five rooms and one of the prettiest little homes in this section.

The city fire department—with the new chief, Elvis Williams, making his first run—responded to the alarm, but without fire hydrants could do nothing, the property being outside the city limits.

Now in order that the city overcome this loss it means that the good people

and tax payers stand behind the city Council and help them to raise the taxes necessary to run said city, and owing to the fact that we cannot raise our rate, which is very low one 87 cents on the hundred dollars, most towns and cities are charging from \$1.50 to \$2.00 on the hundred, our only chance is to raise the value of all the real estate assessed in the said city, which the Board of Equalizers for the year of 1919, acting upon the request and pleadings of the City Council, the only men who know what a straight the city is now in, have gone over the assessment for the year 1918, tried to equalize each man's property in accordance and to put on enough raise, without doing an injustice to anyone, to meet the direct demands of said city.

So if you receive notice that your assessment for this year was raised a certain amount, don't get angry and try to fight the Council and Board of Equalizers, but just take your home town to heart, look up your neighbor and see if he is not in line with you and then all get behind the wheel and help get the city back on her feet again.

Below you will find a statement of the city's affairs for the year 1918 as shown by the city books which are open to anyone wishing to investigate, and you will get some idea of the reason and the cause of the city's trouble.

Now the city collected during the year 1918:

Taxes and fines, \$10,550.43
License, 1,712.88

Cemetery funds, 431.25
Franchise Tax, on which suit was brought, 892.78
Total Collected, \$13,887.34

Now out of this amount collected the city took up city warrants to the amount of \$7,972.26 which represents old outstanding indebtedness of the city, and after so doing it only left the city \$5,915.08 to pay off the current expenses.

Now the city spent during the year as follows:

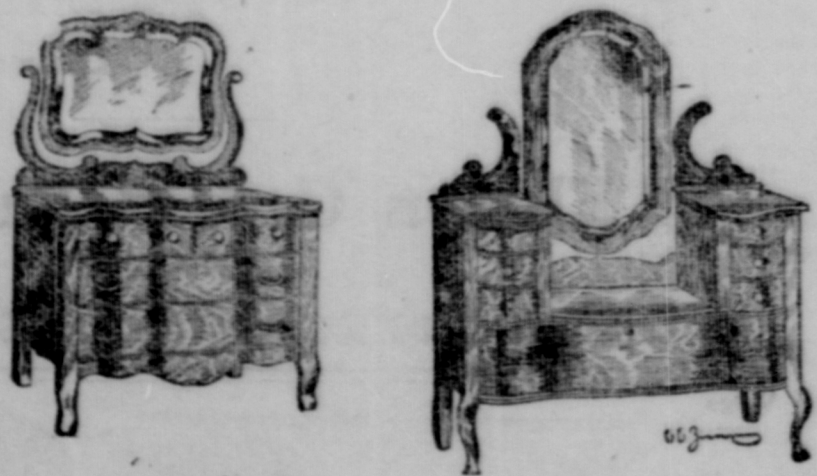

Salaries, \$4,274.00
Ky. Light & Power Co., contract, 4,000.00
Hickman Courier, contract for printing Council proceedings, 75.00
For printing and tax books, 96.40
Fire engine and jail house expense, feeding prisoners, gasoline, hose and repair to fire engine, 897.32
Street work, including debts for the year 1917, 1,068.75
Payments on notes owed by the city: Ky. Light & Power Co., 2,023.23
Mengel, 575.00
Amer-LaF. Fire Eng. Co., 165.00
Hick. Bk. & Tr. Co., 301.24
Total, \$3,064.47

Refund in taxes, error in ast., 137.58
Repair to City Hall, part of which was incurred during the year 1917, 824.05

Taking the city assessment, Board of Equalizers and election of officers for year 1918 155.00

Collecting of Franchise tax, 225.00
Miscellaneous, Mdse., Smallpox, etc., 141.19
Total, \$15,620.81

Which readily shows for itself just how the city has been running for the past year or five years and unless some steps are taken to remedy, this loss is bound to mean disaster to our little city.

So now when you receive your notice of a raise in your assessment just bear this in mind, and do not think that anyone has something against you, but that very one is getting the same thing and that we are all going to pull together and get old Hickman on her feet once more, which we think we can do under the present assessment, with the backing of all our taxpayers.

RESIDENCE BURNS.

Home of Delbert Choate Destroyed; Probably Set on Fire.

The handsome little bungalow home of Mr. and Mrs. Delbert Choate, just east of town, was destroyed by fire between 7 and 8 o'clock Tuesday night. A greater portion of the contents were carried out and saved, as the fire started on the south side of the house and burned slowly against a strong north wind.

Just how the fire originated is not known, but Mr. Choate believes it was an incendiary blaze. Some ten or fifteen minutes before the fire was discovered he had occasion to go out in the back yard, and as he did so he saw a man going over his back-yard fence. He had scarcely returned and set down to read when Mrs. Choate detected the odor of burning pine and upon investigation found the whole ceiling of the back porch ablaze. There was nothing on the porch to start the fire and it is thought the man who mysteriously disappeared over the fence had something to do with it.

Mr. Choate carried insurance, but we failed to learn the amount. The house was practically new, contained about five rooms and one of the prettiest little homes in this section. The city fire department—with the new chief, Elvis Williams, making his first run—responded to the alarm, but without fire hydrants could do nothing, the property being outside the city limits.

L. P. Ellison is here on business from Memphis.

Union City.From the Union City News-Banner:
Claude Adams, 33, a farmer living on
Geo. Terrett place 7 miles below Hick-
man, met sudden death here last Fri-
day night. Adams had been hauling
his cotton here all fall. He got in
last Friday night with two big loads
and drove to the gin in this city. His
little boy, 11, drove one of the wagons.
Adams and the child unhitched the
teams from the wagons at the gin and
he and the child took the teams to the
stock yards. He left the child there
and returned to the wagons to get the
corn for feed. It was intensely dark,
the snow was falling and the place
lonely. The little boy, having waited
a long time, went to see what detained
his father. As the child approached
the wagons his foot struck something.
It was his father, dead, he who a little
while before left whistling and singing
to get an armful of corn. The man
had separated from his wife. The body
was buried at Gleason.**UGH! CALOMEL MAKES

City Clerk.Sam Wilson, one of the progressive
young farmers of this section, has
just finished unloading a car of lime
rock to fertilize one of his fields. Sam
has been convinced and converted to
the importance of building up the soil;
and this largely through experiment-
ing. Running land in pasture "rests"
it alright, but it requires something
besides pasturing to bring soil up to a
high state of fertility. Growing the
right crop on the wrong soil is another
important matter, and every farmer
should avail himself of the opportu-
nity to have his soil tested by our
county agent.**To Whom it May Concern:** The Bon-

SISTER KILLED.

Mrs. E. L. Miley's Sister Meets Death in Wreck in Penn.

Mrs. E. L. Miley, wife of the pastor of the Christian church, received a telegram Sunday morning conveying the sad news of her sister—Mrs. Gertrude Lawrence—being killed outright, her husband and his parents badly injured in a wreck on the B. & O. Ry. at McKeesport, a suburb of Pittsburgh, Penn. The wreck occurred Saturday night, one passenger train heading into another as a result of a defective switch. Nine were killed and 75 injured.

Eld. and Mrs. Miley left Sunday for Pittsburgh to attend the funeral and be with the injured.

There are many new models in spring dresses for flappers and smaller girls, most of them made of washable fabrics and cut in one-piece effects without a waist line. But an exception to this rule appears in the flapper dress pictured, which has a skirt set onto a skeleton waist, both made of serge. The skeleton is merely a belt with suspenders attached, made of plain folds of serge. The belt fastens at the sides with bone buttons, for serge and bone are inseparable.

The simple blouse has two fairly wide plaits laid in the shoulder at each side. It almost goes without

saying that the neck is round and finished with a plaited frill, for this is the most approved of all neck arrangements for the present. These frills are bordered, in the blouse pictured, with a plain gingham of a darker shade than appears in the plaid of the blouse. The same frills finish the sleeves.

This same model is made with a wash silk or taffeta silk blouse in gingham patterns. These were introduced last spring, the plaids and check giving a utility suggestion which brought silk into the possibilities for children's wear. But fine

ginghams these days are more to be desired than almost any of the less expensive silks. Cottons are very high-priced, and we may come to the time when we will have to turn to silk to reduce the high cost of living.

800,000 RAISE.

Fulton County Land Values Boosted by Tax Commission.

In addition to the exasperating pain inflicted by the Income Tax man, now comes the unwelcome news that the state tax commission has decided at the last minute to saddle a big raise—\$800,000—on the valuation of Fulton county farm lands and town lots; which is in addition to a raise of close to three million dollars over last year's valuation. Taxpayers were already chaffing under the \$2,800,000 advance. To add another \$800,000 will be little short of putting the gaff to an already over-burdened lot of taxpayers.

A delegation, composed of County Judge Stahr, Atty. McNeill, Magistrates Nugent, Hewitt, Shankle and Road Engineer McConnell, left Tuesday for Frankfort to try to persuade the commission to at least leave off this \$800,000 proposed raise. As a matter of fact, it was thought, in view of the big raise already assessed, that the state would be satisfied with the returns sent in. If the delegation is unsuccessful, Fulton county will pay next year on \$3,600,000 more than ever before—and this will run into money at a little over \$1.50 on the hundred dollars.

Appropos of the subject, just here we might add this: A large part of this increase has been brought about by men trying to keep their sons out of the army. How? Giving the assessor a valuation of \$25 to \$35 an acre on farms, and then for obvious reasons, stating in the Questionnaires later, under oath and over your signature that this same land was worth \$150 to \$175 an acre. Folks forgot that the authorities would make a comparison of these returns; but the tax men were not asleep. They have you "between the devil and the deep sea." You said it was \$150 land; they have your sworn statement to that effect. All they have to do now is to assess it at 60 per cent of the price YOU placed on it—the raise you gave yourself. It is said one farmer gave in his farm at \$10,000 to the assessor and \$50,000 to the Local Board. Some difference, eh? Well, there were many cases of the same import, and the result is readily apparent. The man who happened to own property adjoining the \$25-\$150 an acre man, also gets a raise on account of his neighbor's statements.

Verily, it looks as though we've torn our pants—spilled the beans, etc.

The Mother of Eight and Never had a Doctor

Reared Her Family
WITH—

SIMPLE HOME REMEDY

An American Mother Beats Them All

There are few families in which the record of Mrs. Gustave Koch, Box 24, Kewick, Keokuk County, Iowa, has been surpassed. Not in the fact that she

raised a family of eight in her story remarkable. Thousands of families are larger. The history of the Koch family is unique in that the mother, with all her loving care, pinned her faith to a simple home remedy and never had a doctor for her children. Here is what she says: "Peruna has done my children good. I have a family of eight and never had a doctor, only your medicine. We all think Peruna a splendid tonic."

So far as we have learned, Peruna is the only known remedy for which such a wonderful claim can be made. Like Mrs. Koch, there are thousands upon thousands of mothers who place their entire dependence upon Peruna.

That Peruna has merited this confidence is attested by the words

2 RIBS BROKEN.

Dr. Longnecker Injured When Car Turns Over on Gravel Road.

Dr. A. O. Longnecker, accompanied by V. N. Derington, while returning from a professional call last Tuesday morning in his Ford car, had a wreck near the home of R. A. Tyler, on the gravel road. The car skidded and turned completely over on the occupants. Dr. Longnecker sustained two fractured ribs, Derington escaped with only a few scratches, but the car was practically demolished—windshield, radiator, top, lamps, fenders, etc., being smashed beyond repair. That both men were not badly injured or even killed, is next to miraculous.

NOTES AND PERSONALS.

We deeply sympathize with Brother and Sister Miley in the tragical experience through which they are passing. Death is always sad, but when it comes as in the case of Mrs. Miley's sister, it is terrible.

Many prayers are ascending from the First Methodist congregation, in behalf of Mrs. Skinner, who is critically ill with pneumonia. Mrs. Skinner is greatly beloved by this church and valued highly as an advocate of the Christian religion.

Brother Armstrong, who was ill last Sunday and unable to occupy the pulpit, is much improved and will hold the prayer meeting Wednesday night and our first quarterly conference at the close of the service.

The pastor wants his choir to know how much he enjoyed and appreciated the noble service they rendered last Sunday. Some one remarked as the congregation was dispersing Sunday morning, "Well, didn't we have some alto this morning?" Our soprano was up to its usual high standard. Bass and tenor next week.

Have you thought about how the First Methodist Church of Hickman has been characterized by good music from the very beginning of its history down to this good day, without a break? We now have two magnificent pipe organs and one who is making rapid advancement in the art, and who is destined to become very proficient.

Connectional Day was a real success. The total amount paid on our connectional assessment is five hundred and forty-six dollars and fifty cents. Our next connectional day will come some time in September or the first of October.

The reports made Wednesday night at the first quarterly conference were simply splendid. Church attendance is very good and prayer meetings are simply fine. Twelve hundred and fifty dollars have been contributed during the quarter for all purposes.

Sunday school is COMING. This pastor could never forget the real satisfaction he experienced in studying with that large body of men the great subject of "Intercessory Prayer." Brother, man, come on and be "one of us."

Last Sunday was Missionary Sunday in the Sunday school. Mr. William Cook represented Mexico and came as a Courier with a letter to Christian America for sympathy and help. Miss Sophia Lunsford replied in terms of sympathy and assurance of help.

As one of the "Three Minute Men" of the congregation, Mr. Karl Tally delivered a very helpful and inspiring address at the Sunday morning service.

A man wanted to know what the church was going to do to serve the new world. We are glad to tell him that the Methodist church is calling for fifty-three thousand new trained men and women to go ahead on a great world program for service at home and overseas; that we are praying for one thousand eight hundred and fifty men to enter the ministry, annually, in order to provide an adequate force; that the Board of Foreign Missions needs one thousand two hundred and fifty new missionaries during the next four years; that China needs teachers, India needs agriculturists, South Africa must have commercial leaders, Africa must have industrial development, and all of these and the others must have the message of the true liberty of Jesus Christ.

This means a recreated church. "But only thus will Christianity lead the world into that peace and wholeness of life which the people of the earth are struggling to find." "There is a great tide running in the hearts of men" and this tide is impelling the nations toward "that far off divine vision towards which the whole nation moves."

Over 18 Billion, Year's War Cost

What the American People Had to Pay in 1918 for Operation Against Germany

It cost the American people about \$18,160,000,000 to run its war government and make loans to the allies in the past year, according to computations from treasury reports.

December expenditures above \$2,000,000,000, the record of the nation's history, sent aggregate war costs to approximately \$24,500,000,000.

Of the \$18,160,000,000 paid out of the treasury's coffers in 1918 probably \$10,000,000,000 went for the army and the general military establishment; about \$1,000,000,000 for the navy; \$1,000,000,000 for the shipbuilding program; \$1,000,000,000 for other civil government needs, and \$4,160,000,000 as loans to America's brothers in arms.

That the public has paid only about one-third of the war's expenses, excluding foreign loans, in taxes in cash and two-thirds in loans to be repaid in another generation is indicated by treasury figures of collections from various sources.

KILLED AT MARTIN.

George Aylor, 35 years old, was shot and instantly killed in the apartment of his brother, Joe Aylor, in the business district of Martin at an early hour Sunday morning. James Wilson, 42 years old, a pool room proprietor, is charged with the killing and has made bond in the sum of \$5,000.

For thread, needles, pins, buttons, elastic and lots of other things in notions see Bettsworth.

Some one is saying, "All that is true and I should follow it if I were rich like my neighbor." My brother, this is not the special duty of the few that we have been talking about. And the test of our Christian life is not what we should do with our neighbor's wealth, but what manner of stewards we are in the little or the much that we possess.

According to Bishop Quayle, "The Day of God is here. Not since Christ came has the world been so articulate and momentous as at this hour. We must be big."

Bishop James W. Bashford says that it has grown clear to him that if Christians, in addition to devoting one-seventh of their time to the Lord, were also to set aside one-seventh of their income to His service, the world would be speedily evangelized.

A writer said the other day, "A college mate of mine came into my office. He had been in the Chemical Warfare Service of the War Department, busily manufacturing poison gas; some of that which was going to France to blot out whole regiments at a snail. His hands were still stained with the marks of chemicals. He was only five hours away from his 'battleground.' But his eyes were clear."

"What have you got for me, Jim? I am out, now, and I want to do something worth while."

"I thought you had a job waiting for you?" I inquired.

"I have," he said, "and I don't want it. Not that it isn't a good one and pays well; but it isn't big enough. I entered this war because I wanted to see liberty all the world. I wanted to see all men have the same right to freedom and pursuit of happiness that I enjoyed out on that Ky. farm where I was raised."

"And now," he said, "I have come out of the war after doing what I could, and I don't want to give up the fight, because I believe the real struggle has just begun."

A boy that was at Chateau Thierry, Soissons and St. Mihiel, shot twice, gassed twice, was out riding with a friend, while recovering from his wounds. The friend inquired: "What are you going to do now, Hugh?" "Get well, first, and then try something worth while. Have you got anything for me in the Orient or South America?"

"Yes," his friend answered, "There is a school in China to which I should like to see you go."

"I'm on," the soldier said, and gripped his friend's hand.

The "Methodist Million" Principles of Christian Stewardship.

I.—God is the owner of all things.
II.—Man is a steward and must give an account for all that is entrusted to him.

III.—God's ownership and man's stewardship ought to be acknowledged.

IV.—This acknowledgement requires as its material expression, the setting apart, as an act of worship, of "a separated portion" of income.

V.—Biblical history records the setting apart of the tenth of the income as that acknowledgement.

VI.—This separated portion ought to be systematically administered for the Kingdom of God, and the balance treated as no man's trust.

Are you a tither? We know one Methodist man who is, and one Baptist and one man of the Christian church. These men say it is a great joy to them and they would not drop it for anything. If there are any others in Hickman we do not know them.

All services as usual next Sunday. You are cordially invited.

The nations will be free only when they are made free by the GREAT EMANCIPATOR.

11 VICTIMS OF TURKS

Solomon Naifeh, Syrian merchant of East Hickman, tells us he had his first letter in three years from the "old country" Monday from his home folks. It was written by his father, and brought the sad news that eleven members of the Naifeh family had perished during the war—mostly by starvation and cruelties resulting from Turkish domination of Syria.

Jackson Man Plows Up Treasure Buried During Civil War.

Jackson, Tenn., Feb. 23.—Twenty-three hundred dollars in shining gold pieces of small denomination, that looked as if they had been issued from the United States mint yesterday was plowed up by Tolbert Vincent on the old Fuller farm near Hatchie station in the lower part of this county. The gold was in several old snuff bottles that had been laid a couple of feet beneath the earth's surface. The money was in denominations of \$1, \$2.50, \$5, \$10, and \$20 and bore dates ranging from 1820 to 1850. The gold is supposed to have been hidden during the Civil War to keep it intact from the invading Federal troops.

Several times gold in smaller sums had been plowed up on this farm. At one time about \$1,500 was dug up in a dilapidated chicken house on the place. Tradition has it that there is fully told Vincent, the plowman, that he \$15,000 in gold yet hidden on the farm. Albert Perciful, owner of the farm, was welcome to all the gold he unearthed on the place.
